HOW TO ORDER

Specify dimensions (A - C) and style number.

1. Column #: _____
2. Height (A): _____
3. Diameter (B): _____
4. Core Out (C): _____
5. Foam Density: _____
6. Type of Coating: _____

When ordering columns please specify:

1. **Type of shaft** — Straight, square or round, rope twist, tapered, bellied, fluted, tapered fluted, etc. (Round cap & base available upon request.)
2. **Density of foam - 1#, 2#, 3# per cubic foot** — In reference to the impact the column will be subject to.
3. **Dimensions of core out (C)** — Example - Columns to be split with 4" x 4" core out to wrap around support beam.
4. **Type of Coatings available** — Interior paint-grade, LykeStone, LykeStone or concrete series.
